David K. Young, MPH, MWR

IICRC Master Water Restorer & OSHA outreach trainer
Certified Indoor Environmentalist (CIE) & Certified Mold Remediator (CMR)

Education

The George Washington University , Washington, DC School of Medicine and Health Sciences ¹ Master of Environmental and Occupational Public Health (MPH)	1995
State University of New York , Syracuse, NY College of Environmental Science and Forestry Bachelor of Science in Environmental Science (BS)	1992
Syracuse University , Syracuse, NY Environmental Geography	1988-90

Certifications / Designations / Training

- **OSHA outreach trainer** for General Industry 29 CFR 1910, authorized by U.S. Department of Labor.
 - OSHA #501 (32 hour course), *National Resource Center for OSHA Training at National Labor College*, 2009.
- **IICRC** Institute of Inspection Cleaning and Restoration Certification (register #96486)
IICRC certifications include: MWR, HST, SMT, RRT, AMRT, CCT, OCT, ASD, FSRT, WRT
 - Master Water Restorer (**MWR**), IICRC advanced designation awarded 2009
 - Health & Safety Technician (**HST**) (16 hr course), *OSHA 10hr* 29 CFR 1910, *The TMC Group by R. Valega*, 2009
 - Stone & Masonry Technician (**SMT**) (16 hour course), *Cleaning Consultant Services by Wm Griffin*, 2009
 - Carpet Repair & Reinstallation Technician (**RRT**) (16 hour course), *Bridgepoint Systems by S. Andrews*, 2009
 - Applied Microbial Remediation Technician (**AMRT**) (32 hour course), *Indoor Env. Mgmt by R. Adams*, 2008
 - Carpet Cleaning Technician (**CCT**) (16 hour course), *Bridgepoint Systems by D. Heiferman*, 2008
 - Odor Control Technician (**OCT**) (8 hour course), *TM Cleaning & Restoration School by T. Macaluso*, 2007
 - Applied Structural Drying (**ASD**) (32 hour course), *HydroLab by Kurt Bolden*, Cicero, IN 2006
 - Fire & Smoke Restoration Technician (**FSRT**), (16 hour course), *TM Cleaning & Restoration School*, 2006
 - Water Restoration Technician (**WRT**), (24 hour course) *DRI-EAZ University*, 2005
- Applied Thermography Training (**ATT**), (16 hour course), *Restoration Consultants*, St. Petersburg, FL, 2006
- CESB² accredited Council-certified Microbial Remediator (**CMR**), American IAQ Council³, #04256, 2005
 - Certified Mold Remediator Training (24 hour course), *IAQ Training Institute*, Duquesne, PA, 2005
- CESB accredited Council-certified Indoor Environmentalist (**CIE**), American IAQ Council, #02047, 2005
 - Certified Indoor Environmentalist Training (32 hr course), *IAQ Training Institute*, Duquesne, PA, 2005
- Mycometer-test Training Program (certified user #US0051DK), *Indoor Solutions by D. Krause, Ph.D.*, FL, 2001
- Fungal Identification (24 hour course), *McCrone Research Institute by John Shane, Ph.D.*, Chicago, IL, 2001
- Radon Measurement Proficiency (16 hour course), *Cook College-Rutgers*, RPP ID 185890T, New Brunswick, NJ, 1998
- AHERA Asbestos Building Inspector (24 hour course) 97-04-09-07, *ManTech*, 1997
- AHERA Asbestos Management Planner (16 hour course) 97-04-25-04, *ManTech*, 1997

¹ Renamed to School of Public Health www.gwumc.edu/sphhs

² CESB = The Council of Engineering & Scientific Specialty Boards www.cesb.org

³ Renamed to American Council for Accredited Certification (ACAC) in August 2009

Seminars / Articles / Research / Other

- **Membership:** Indoor Air Quality Association (IAQA.org) #7639.
- **Seminar:** Building Science, (1 day) *PBI Restoration Resources*, MD, 2007.
- **Hurricane Katrina review:** January 2006. Staff from INLOGIX traveled 460 miles around New Orleans, Gulf Port, and Biloxi to survey the August/Sept 2005 Katrina catastrophe. Over 500 photographs were taken.
- **Seminar:** Molds, Allergens, Sampling, and Report Interpretation, (1 day) *EML, Inc.*, VA, 2005.
- **Seminar:** Bacteria Evaluation, Building Ecology, Sampling..., (1 day) *Aerobiology Lab Associates*, VA, 2005.
- **Symposium:** Advanced Perspectives in Mold Prevention & Control Symposium, (3 days), Las Vegas, NV, 2004.
- **Authored:** (policy commentary) "Low Level Asbestos, Health Effects, and Policy: Why the EPA Should Not Extend AHERA Regulation to Public Buildings" excerpted in *The Synergist (AIHA)*, August 1996. (available on request)
- **Authored:** (epidemiological thesis) "Unexplained Illnesses in Persian Gulf Veterans: Examining a Referral Centers Cohort", under the supervision of Jane F. Barlow, MD, MPH, MBA. (former Director of Persian Gulf Referral Center; U.S. Dept of Veterans Affairs, Washington, DC. Managed exposure, symptom, and ICD9 data of veterans suffering from Persian Gulf Syndrome using EPI-INFO statistical software. 1995. (available on request)
- **NOLS.edu:** National Outdoor Leadership School; Wind River Mountaineering Course (30 days), Wyoming, 1990.
- **Eagle Scout:** BSA Troop 34, Franklin Lakes, NJ, 1980-1987. Floodwood (New York), Philmont (New Mexico).
- **Activities:** biking, camping, backpacking, rafting, canoeing, rock climbing, caving.
- **Travels:** Extensively in the US and Alaska. Visits to Belgium, Holland, England, Canada.

Work Experience

Beginning in 1992, David Young, has been involved with several thousand site visits in over 2,000 buildings in 13 states totaling over 75 million square feet of floor space. He has collected tens of thousands of microbial samples. Some memorable projects include World Trade Center #7, UN complex, Federal Reserve, hospitals, CIA, and FBI offices.

Indoor Environmental Professional, INLOGIX, Fairfax, VA 2004 - Current

- Founder and President of INLOGIX Enterprises LLC and INLOGIX Technologies LLC
- Investigate, assess risk, and develop remediation strategy for mold, norovirus, smoke, sewage, and odors.
- Act as an independent liaison communicating with occupants, insurance, management, and service firms.
- Manage client relations, employee operations, marketing, technical direction, logistics, and communication.

Indoor Industrial Hygienist, Environmental Diagnostics Corporation (EDC), Fairfax, VA 1998 - 2004

- Co-Founder, Vice President, and Technical Director for nearly seven (7) years.
- Hired and managed employees, directed marketing, advanced client relations, and wrote technical literature.
- Managed over a thousand investigations for indoor air quality, flood, mold, sewage, and post-fire related hazards.
- Conducted proactive and reactive building investigations that involve sampling for volatile organic compounds, Legionella, bioaerosols, gases, poly-nuclear aromatic hydrocarbons, formaldehyde, nitrous oxides, ozone gas.

Indoor Air Quality Specialist, Healthy Buildings International (HBI), Fairfax, VA 1995 - 1998

- Conducted comprehensive indoor air quality inspections in 210 buildings (12 states) comprising 44 million square feet of commercial, governmental, military, intelligence, federal banking, and medical facilities.

Environmental Health Technician, EcoPure, Phoenix, AZ 1992

- Conducted indoor air quality testing in 100 buildings under the direction of Dr. Ralph Herro.

Expert Service Experience

- For Plaintiff; *Poliquin v Llyod* (Chadwick, Washington, Moriarty, Elmore and Bunn) 6/2009, testified J1070
- For Plaintiff; *AvalonBay Communities, Inc. v James R. Wilden* (RICO) (WhitefordTaylorPreston) 11/2008, J1104
- For Defendant; *Payne v Emmet Real Estate Inc.* (WhitefordTaylorPreston) 9/2008, testified J1037
- For Plaintiff; *Hart v Tri-State Utilities Co.* #CL834445 (Smith, Hudson & Carluzzo) 9/2008 J1057
- For Defendant; *Manor v Colcroft COA* (Chadwick, Washington, Moriarty, Elmore and Bunn) 11/2007 J841
- For Defendant; *Saunders v Nationwide* (Midkiff, Muncie & Ross) 2/2007 J638
